## Long term

- replace laminate floors
- repair skirtings
- repair holes into crawl space to stop rats from getting into the space
- tiling in laundry room
- repair zozo (the wooden slats are pulling apart)
- replace roof
- A vehicle for the home

**URGENT REQUEST:** We are desperately needing to repair our gutters around the house. The downpipes have been completely destroyed and so when it rains, water accumulates around the the foundation of the house and the wooden floors below the the laminates have started rotting away.
