

# Educate-A-Child

## Bursary Fund

At Rainbow Children's Village, we believe that every child deserves access to education that meets their needs, especially children who require specialised or neurodiverse learning support. Yet for many families, the cost is simply out of reach. Our Educate-A-Child Bursary Fund exists to bridge that gap.

### What is the Educate-A-Child Bursary Fund?

This Rainbow Children's Village initiative provides financial support to neurodiverse children from vulnerable or low-income backgrounds so they can receive quality schooling and get the support they need to learn and thrive. We cover:

- School tuition fees
- School uniforms and stationery
- Transport to and from school
- After-school and homework support services

The majority of our learners attend Sparrow Schools, which provides affordable, high-quality education for neurodiverse learners, from Foundation Phase through to College. For children who are ready for mainstream schooling, we support that transition where possible. Each child is carefully assessed, and bursaries are allocated based on need and long-term independence and wellbeing.

### Get Involved

The average cost to sponsor a learner is approximately R40,000 per year. In some cases, costs are shared 50/50 with parents. As a donor, you can choose to:

Scan here to donate

EFT to FNB Cheque  
Acc # 62642138417

- **Sponsor a child fully or partially** (R1500 - R3500p/m)
- **Donate monthly or once-off** (From R100p/m)
- **Be a corporate or foundation donor** (From R1500p/m)

Sponsors receive termly updates and school progress reports. Every contribution helps us reach more children.
